ADDITION AT GULFVIEW - Pouring of foundations for the two-classroom addition at Gulfview School got off to a fast start last week. Inspecting the work are at left, Principal Oren Seal, School Board member E. P. O'Brien and James Travirca, contractor.

NEW ROAD MOVES ALONG - Beat 5 Supervisor R. G. Hubbard, second from right, and Charles Russ of Beat 1 view slag surfacing on new state aid road in Beat 5 which, if weather permits, should be completed in another week after more than two years of work. A final top coat of tar and fine slag is to be applied after this layer.

POWER RESTORED - Coast Electric Power Assn. repair crews restored service in less than two hours Wednesday morning when the high voltage aerial crossing Bayou LaCrosse that serves the Kiln area was knocked out by a steel leg on the barge dredging for the new bridge over the bayou. Two conductors had to be lowered and new cables spliced in. Contractor on the project, Circle, Inc., cooperated with the job.

Bay May Get Millage Hike

Bay St. Louis Commission has almost completed its budget for next year but will be able to complete it until tax figures are available. However, Commissioner J. J. Glover observed that the city is in "good financial condition and will stay that way as long as I am concerned."

Mayor John A. Scalfie indicated there probably will be about a 10 percent increase in the city's tax rate and a quarter tax increase in the extra \$12,000 added to the city this year to the budget of the Bay St. Louis Municipal Separate School District.

Under the budget draft, the general fund will be \$128,402.00, general and general improvement fund, total annual revenue here was not available until assessments are completed. The officials observed it will be a little more.

Marked for different departments in the general and improvement fund are:

- Salaries and maintenance, \$15,233.00; police, \$11,200.00; care and maintenance, \$2,550.00.

Guard Unit Up Training

The Bay St. Louis 134th Heavy Transportation Unit of the National Guard along with other units have been directed to move to step up training and additional personnel.

The unit, however, received only to increase training. The move, not termed an emergency by the Army, was directed by the Berlin crisis and the spot areas.

Units were selected on the basis of readiness and fitness. The 134th is under the command of Capt. Irvin Kingston.

Jeffrey Gets Year Attempted Rape

A closed hearing last Saturday in Kiln before Beat 4 Justice of the Peace Frank Seale, Jr., charged a 19-year-old girl with attempted rape of a 19-year-old boy.

The girl, identified as Mary Ann Jeffrey, was charged with attempting to have sexual intercourse with the boy, identified as James Jeffrey, on May 27 at a beach near Jeffrey's home.

The girl's attorney, Mr. J. P. reported the attempted rape occurred May 27 as the girl was walking through the beach near Jeffrey's home. She suffered body bruises from the efforts to escape him.

Planners Meet

Plans to register for this year's third annual meeting of the Mississippi Planning Council at the Heidelberg Hotel, Bay St. Louis, Sept. 14 and 15 was announced by the planners.

The meeting will be held at the Heidelberg Hotel, Bay St. Louis, Sept. 14 and 15. The planners are: J. J. Scalfie, Mayor; J. J. Glover, Commissioner; and J. P. O'Brien, School Board member.

4,148 Students Enrolled As New School Session Begins

School bells rang Tuesday for approximately 4,150 county children with most public, private and parochial schools starting regular classroom schedules. A check with various officials revealed enrollments are larger this year than last session.

J. D. McCullough, superintendent of the Bay St. Louis Municipal Separate Schools, reports 83 more students this year enrolled in Waveland, S. J. Ingram Elementary, North Bay Elementary, Bay High and Velena C. Jones.

He gave a breakdown of 947 white students and 498 Negroes totaling 1,445 more white and 22 more Negroes. A further breakdown shows 389 in Bay High, 558 white elementary, 183 Negro high school and 315 Negro elementary.

McCullough noted none of the elementary classes have more than 30 students per classroom which he said indicated a much closer student-teacher relationship than before.

Hancock North Central has a total enrollment of 778 with 362 junior and high school students and 416 elementary. Leo Rouse, principal, reported little change from last term.

Our Lady of the Gulf Elementary reports a total of 540; St. Joseph Academy approximately 275; Christ Episcopal Day School, 180; St. Stanislaus, 416, with 156 day scholars and 260 boarders; Logtown, 184; Gulfview, 130; and St. Rose de Lima about 200 to date with registration continuing until tomorrow.

Waveland's Levy Holds For Budget

No increase in taxes appears in prospect for Waveland's lucky 1,000 citizens after last Thursday's special meeting of Town Council when it adopted a budget only slightly more than last year's.

For the fiscal year 1961-62 council estimated a total expenditure of \$40,946, compared with the 1960-61 estimate of \$39,782 and actual projected expenses of \$44,265.90.

Except for an increase in gasoline allowance for Town Marshal Fred Bourgeois, from \$16 to \$30 a month, this was the only business transacted at that session.

With projected expenses for August and September included, the town is expected to have about \$1,300 in the bank at the end of the fiscal year, according to Moore and Powell, accountants, whose members, Sam Powell, John May and William Bass, advised council. Last year the town started with \$4,743. Clerk C. O. Dufour noted that \$4,743 has been paid out this year to retire bonds.

Because council had adjourned at the conclusion of its Aug. 18 meeting, Thursday's was a special session.

Council wrapped up its regular first September meeting Tuesday night in short order, going over bills and approving (Cont. on Page 4.)

Bishop Reed Gives Keynote at Meeting

A recent prominent visitor to Bay St. Louis was Most Rev. Victor Reed, bishop of the diocese of Oklahoma, who came to present the keynote address, "The Layman's Role in Catholic Life," at a meeting Aug. 28-30 at St. Augustine's Seminary of the Seminarian's Catholic Action Study of the South.

Plans are being completed for ordination ceremonies next Thursday when Most Rev. John Amis, Archbishop of Cape Coast, Ghana, West Africa, will officiate. The archbishop is on a national tour on behalf of Ghana missions and is resting briefly at the seminary.

Real Estate Booms Here

There's a decided real estate boom in Hancock County.

So say local real estate agencies, most of which attribute the boom to the BAWI bond recent passage of a BAWI bond issue to bring Industrial Electric's enameling division here.

But it's not just workers and their families who will move in the new plant who are seeking property and homes in the county, they say. A good many of the buyers are simply people who see what the future will hold in opportunity and are interested in becoming a part of it.

Danagran Realty, for example, records sales of \$188,000 in beach-front property alone during the past 60 days, with a definite pick up since the beginning of the summer.

"We have had a couple of inquiries from families that will move here when the new plant opens," A. G. Danagran said, "and we're looking for extra properties to accommodate them."

Danagran also said the county can look for an overflow from Pascagoula where the proposed Standard Oil refinery will be situated. Recently returned from Pascagoula where he looked over a great deal of property, Danagran reported values there are as high and in some cases higher than in New Orleans.

"You can't get a good residential lot there for less than \$5,000," he said. "And with commuting time just over an hour, we can expect many of the refinery families to settle in Bay St. Louis." Just for the record, inquiries from both Industrial Electric and refinery families were far sales, as opposed to temporary rentals.

Bird and Sons, which recently opened its office, has noticed a definite increase in inquiries for waterfront property, although business is generally slow. McDonald Realty, too, reports business a bit slow, but with genuine upswing of rentals and sales during the past two months.

Joe Colson, owner-manager of Colson's Realty, another newly established real estate outfit, says that even with his limited listings and availability, he had a number of inquiries from families affiliated with Industrial Electric, before the bond issue was actually voted in, and he, too, has had several prospective buyers from the Pascagoula refinery.

Mollere Realty reports rentals good, with the characteristic pick up during the months of July and August, and one prospect, a sale, to a family with three school age children, who will move in with the new enameling plant.

Laurent Kerguelen, Mitchell Real Estate and Benham Real Estate all have similar reports, with the same basic idea behind each, that people are interested in moving into a growing community.

A marked pick up in sales is reported by Morere Realty. Several commercial and residential sales have been made to already-citizens of the Bay who have been on the move off-and-on, and have now decided to settle in the soon to be thriving metropolis.

Gordon Sales' owner Louis Schwell says his business has increased 30 per cent during the summer months and sales were the biggest during August since he opened.

Kiln Sale, Bus Routes Before School Board

Date for bids on sale of the old Kiln School, a delegation of North Central School patrons protesting bus routes and how to handle purchases made from concerns other than those having contracts with the system were among major items to occupy the county board of education at its meeting Tuesday afternoon.

On the motion of Lugs Necaise, 2 p.m. Oct. 2 was fixed as the date to open bids on the Kiln property. Excluded from sale are the teachers' home, cafeteria and space to accommodate a voting precinct there.

Proposed sale is in line with a request from the Church of the Annunciation parish to buy the property. Under state law it must be sold under sealed bids for the highest price.

Junior Bates, Elmer Seals, Forrest Lee, Randolph Seals and Frank Necaise appeared on the bus matter, saying they were dissatisfied with the present route. They complained it was too circuitous in that the children were being hauled away from school before they finally got there. Bates said the Leavenworth buspick-up children above and beyond his house but passed up his children.

Superintendent K. G. McCarty indicated some corrective steps could be taken by running a bus commencing at Frank Moran's. He commented that it was not financially feasible to run empty buses and Randolph Seals retorted that back-tracking of routes did not seem economical to him either.

Leroy Ory, president of the North Central Parent-Teacher Assn., inquired whether it was necessary for buses to make prolonged stops on the way home so some youngsters could go to a store and suggested that drivers sound their horns on approaching a house so that parents would have warning of arrival.

At the onset of the session a motion by Alton Keller to purchase Willard Palmer's bus at a price fixed by the state department did for lack of a department did for lack of a department. Buying Palmer's vehicle has been under consideration for some time since he had bought a new model on a two-year contract which has now expired and a previous board indicated it would give him another year's contract to make his investment worthwhile. The system has no private contract drivers this session.

It was decided to call in the next meeting bus mechanics and others making purchases to advise them that purchases of items on which bids are occurred can be made only from the successful bidders. This developed in the case of batteries bought from Hime Auto Parts at a price over the contract figure and approval of Hime's bill of (Cont. on Page 4.)

June Bills Paid Square Money For Year End

With \$9,243.95 currently available to the county general fund the \$7,292.93 in June bills, approved by the board of supervisors in July, can now get paid.

This happy news resulted from Chancery Clerk Claiborne Ladner's report Tuesday of the treasury's balance. After Beat 2 Supervisor Charles Lavinghouse moved to pay these bills, it was noted that since they already had been approved no formal action was necessary for Ladner to proceed.

During the day long session devoted to money matters, funds were transferred to replenish depleted accounts and earlier inter-fund loans repaid as the claim dockets were approved while R. G. Hubbard, Jr., president of the board, continued to caution about going over budget estimates and reiterated his disagreement with advice from the attorney-general's office on allowing prior claims but not exceeding the budget.

Hubbard and Board Attorney Lucien M. Gex, who sat in on the morning session, appeared to finally find some common talking ground when Gex advised borrowing on anticipated revenue to meet bills in October after the new fiscal year starts. Gex said that he did not consider the practice to be good business even if the state law permitted it. "It's deficit spending," he argued. Hubbard concurred but noted the frequency of practice.

On the financial front, here's what happened:

Charles Lavinghouse of Beat 3 moved, after Hubbard suggested and Gex concurred, to direct seawall money into the road protection fund to build it up to care for upcoming notes due.

Beat 2 member I. M. Frierson moved to repay a \$7,000 loan to the road and bridge bond fund from the general county fund which had, according to the bank statement, \$9,956 as of Aug. 31 with June and July claims still to be paid.

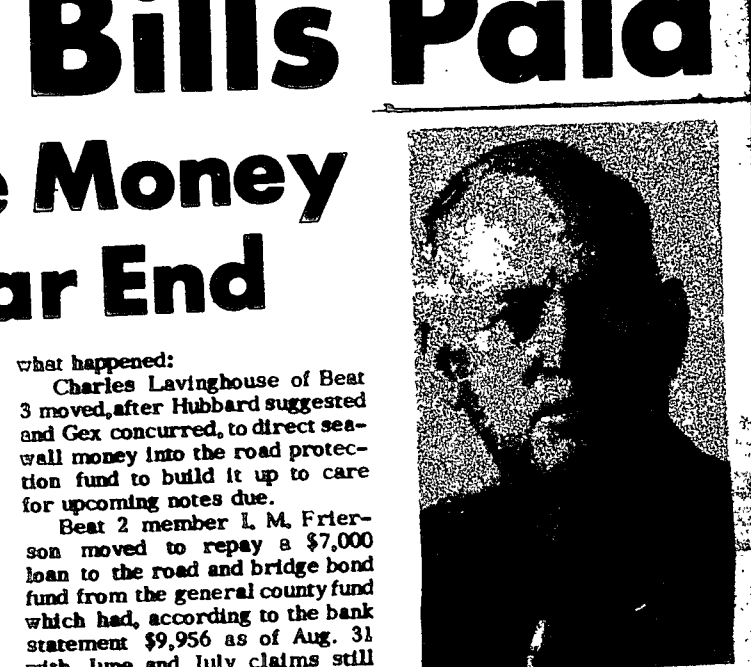

Clerk Ladner advised Beat 4 member James D. Necaise had paid back the loan of \$4,000 made to road and bridge maintenance in his district.

Lavinghouse moved to repay \$3,000 he had borrowed from the road and bridge bond fund and \$4,000 from the seawall fund, cautioning he might need another loan to meet his August payroll. (He added he had incurred heavy expense in replacing on the Sandy Hill Graveyard a road a bridge which had been out for four or so years so that school buses can use that route.)

In Hubbard's beat and on Frierson's motion, \$4,000 was transferred from the beach R and B fund to the special Beat 3 state aid project.

At Hubbard's request, Charles A. Russ, Jr., of Beat 1, moved to lend from his R and B fund of \$14,608.51 the amount of \$3,000 to Lavinghouse's Beat 3 until October when the new year starts.

In the absence of Necaise who is recovering from a coronary attack the board approved an August docket of \$2,190 he had sent in after estimating anticipated revenue of \$3,400 to his account. A check of claims which (Cont. on Page 4.)

Negro Fracas Heads Weekend Crime Docket

Fourteen Negroes were involved in an argument about 1 a.m. Sunday outside the Kreck Bar on Sycamore St. resulting in one being shot in the chest and another facing charges of assault and battery with intent to kill. The victim, Earl Robinson, was given emergency treatment at Hancock General Hospital and transferred to Gulfport Memorial Hospital where his condition is listed as improving.

Bertrand Collier of Chicago, was arrested about two hours later in Gulfport by state patrolman D. D. Civitanovich after he fled the scene with three companions, Robert Peters, Robert Peters, Jr., and Belfred Peters, also of Chicago. The latter were charged with disturbing the peace as were Andrew McKay, David Piaz, Wallace Haynes, Julien Smith, Charles Acker, Joseph Tillman, Eugene Walker, R. O. House and Rudolph Robinson, the wounded man's brother. All except Rudolph Robinson were fined \$5 and costs by Justice of the Peace Nellius C. Rhodes who noted on a \$10 fine to Robinson, the alleged instigator of the fight.

Investigating officers were Deputy Sheriff R. H. Coleman and James Favre.

Sheriff Gerald V. Price reported a relatively quiet Labor Day weekend and listed 53 arrests by day, county and state police mostly for speeding and minor traffic violations.

In other matters, the sheriff said that four persons arrested last week for possession of stolen goods, James Pearce, alias James Holt, Mary Pearce, alias Picheo and Murray E. Brown, have waived preliminary hearing before Rhodes and been held over to the grand jury convenes Monday. He added that Brown has deputies on Monday, Hattiesburg and Pearl River, Mississippi and Picheo, Rhodes reported he fined \$50.

Miss Carolyn Lee Becomes Bride of Carlo Scafidi

The wedding of Miss Carolyn Lee, daughter of Mr. and Mrs. Leo Lee of Purvis, and Carlo Scafidi, son of Mr. and Mrs. Joseph Scafidi, was solemnized at 9 a.m. Saturday in Our Lady of the Gulf Catholic Church with Rev. John Kelly officiating at the double ring ceremony.

Brass vases of white summer flowers and greenery were placed on either side of the altar and potted palms were placed inside the communion rail.

The bride, escorted by her father, wore a short dress of Chantilly lace and tulle. The bodice featured long tight sleeves and a rounded neckline. The full lace skirt was trimmed with gathered tulle panels in the back and front. Her short veil of illusion was attached to a band of matching lace and she carried a bouquet of white feathered carnations centered with a white orchid.

Miss Kay Cabell of Bay St. Louis was her only attendant and selected a frock of aqua silk brocade made on simple lines. Her accessories were the same shade and she carried a bouquet of pale pink carnations.

Attending the groom was a brother, Terry Scafidi, and ushering were Larry Joe Lee, a brother of the bride, and Steven Wyatt.

Mr. and Mrs. Scafidi entered

in compliance to the young couple at their home on S. Toulme where arrangements of summer blossoms decorated the reception rooms. The bride's mother selected a pale green two piece cotton ensemble accented with brown accessories, while Mrs. Scafidi received in a medium blue silk cotton with matching accessories. Their flowers were corsages of white carnations.

The bride's table was covered with an imported curwork cloth and centered with a three-tiered wedding cake topped with a traditional toy bride and groom.

For traveling on their honeymoon to Florida, Mrs. Scafidi was in a beige Italian knit, brown accessories and wore the orchid from her bouquet at one shoulder. They plan to be at home in New Orleans where Mr. Scafidi is a student in the School of Business Administration of Loyola University.

Mrs. Scafidi was graduated from Purvis High School and attended Pearl River Junior College. The groom is a graduate of St. Stanislaus and also attended PRJC.

Included in the out-of-town guests were Mr. and Mrs. Doyle Lee of Purvis, Mrs. Frank Smilek of St. Louis, Mo., and Mr. and Mrs. Latin Weinburg and Mrs. Andrew Scafidi and children of New Orleans.

A Request

Two years ago the League of Women Voters announced that two members of that organization would attend the meetings of the political bodies in this county. Their idea, apparently, was to inform their members concerning what was going on politically.

In advance we could have told them that it was just about impossible to adequately cover the Bay St. Louis Commission Council because of the form of government our city has. Since all three members of that government are full-time employees as well as elective officials they can meet at any and all times with the result that neither the League of Women Voters nor any newspaper can completely report on their doings. It's the system's fault, not the newspaper's or the mayor and commissioners'.

We also could have told the ladies that it took lots of time and lots of effort to sit in on these meetings of our bosses. They didn't ask and they covered one political body's meeting, one time. Apparently they gave up after that.

We, also, would like to give up, but this paper is the sole source of information on the doings of these spenders of tax dollars. We try to be accurate, usually are but certainly make our errors (very few we hope).

What this is leading up to is a request, a request to the public of Hancock County--won't a few of you go to these meetings? Then you can check on our accuracy and Mr. G., Mr. F. and Mr. H., et al., can not blame it all on the Echo.

Freedom Riders are getting a mighty lot of publicity from wire services, radio and TV, and non-lawyer, Attorney General Robert Kennedy, and the FBI have shown great concern over them. Why not the same interest in the American Nazi? Representing opposite extremes, they are cut from the same cloth. Both groups are trying to make trouble. Or does it make a difference to the President's non-lawyer lawyer and his secret policy force how many votes are involved and where?

By Gone Days

10 YEARS AGO
 Aug. 31, 1951--In Tuesday's runoff primary, John Egloff defeated Gerald Price for sheriff and tax collector of Hancock County by 2,550 to 2,222; R. G. Hubbard's vote of 1,375 gave him victory in Beat 5's supervisor race over Ed Orte's 1,186; W. L. Phillips was elected representative over T. J. Whitfield and Nolan Kingston rolled to a 209 vote win over H. J. Mazarakis in the Constable Beat 5 race.

25 YEARS AGO
 Aug. 28, 1936--The Blue Bonnets girls' softball team easily defeated the WPA team 22-6 last Wednesday at St. Stanislaus park. Bert Monti was the hitting star for the Bonnets while A. Heitzmann and Evelyn Monti starred in the field. The Bonnets issue a challenge to the Racketeers, KC or Commissioners. Bert wants to join the Racketeers to play shortstop and Marie Vassalli wants to take Tommy Egloff's place at first base. Bessie Scalfie wants to catch for her cousin Johnnie and Mrs. Cuevas says she can play a lot better than John Horlock.

Reinike Scores Win

Reinike's Dirt Dobbers coped the Kiln Youth Center softball tournament Sunday, defeating Southern Realty in the finals. Reinike won their first round game from Dedeaux and scored a semi-final victory to move into the championship game, while Southern Realty beat the Piquette Ruff-Ruffs and the Knights of Columbus to advance.

The first round also saw Kiln Youth Center and the Knights of Columbus emerge victorious. The KC's beat White Cypress 2-1 with Speedy Rhodes the winning pitcher.

Host Kiln Youth Center then lost a heartbreaking 1-0 game in the semi-finals. Alton Lachner was the losing hurler, though pitching a good game.

Reinike won another close contest in the finals which turned out to be a repeat of the final Bay Softball League play-off.

Entries Sought, Speaker Set for Forestry Contest

Joe Zary of Hattiesburg, woodland forester for the Soil Conservation Service, will speak briefly at the Hancock County Forestry Contest set for 8 p.m. next Thursday at Hancock North Central School auditorium. His topic will be forest fire control, reforestation and management of 16th section lands.

Girls between the ages of 16 and 21 who are unmarried and who have never been married are invited by Glen Purvis, area forester, to enter the contest. They may call the county agent's office or drop by for an application.

 \$567.91 was withheld. McCarthy said he repeatedly had cautioned the mechanics about who held the contracts.

Trustees quoted Leo Rouse, principal at North Central, as to whether Clements Lachner would be hired as fifth grade teacher since he does not have the proper license and is now trying to secure one in Jackson. Lachner had been omitted from the faculty recommendations made by Rouse last spring for this reason. Trustee S. P. Powell, who presided in the absence of President Charles B. Murphy, recalled the board's policy on hiring requirements but noted they had been broken. The matter was tabled until the Sept. 21 meeting.

Mrs. Estelle Depree, bookkeeper for the superintendent, reported on plans to transfer the \$8,000 realized from sale of the old Sellers School and \$2,000 from the Lestown property to a building fund for projects such as Gulfview's addition. She said it will not be necessary to touch a penny from 16th Section money.

Board Attorney Walter J. Phillips advised that an engineer or an architect should supervise construction at Gulfview School and McCarty and Trustee E. P. Orte indicated this can then be turned over to Arthur Rogers and Arthur McArthur of the county engineering staff.

At the request of N. and M. A. Breland's heirs, the board declared as vacated the Amer county line school property which has not been used for more than 25 years and left it to the Breland attorneys to determine whether the land was conveyed with a reversionary clause.

This old wooden bridge over Boca Homa Bayou on the old Logtown-Napoleon Road caved in last week when a pulpwood truck driver and two companions started over it to assist a visiting fisherman whose car was bogged down on the other side. No one was hurt but the load of pulpwood had to be thrown into the bayou to extricate the truck. Beat 1 Supervisor Charles A. Russ, Jr., said repairs costing between \$2,500 and \$3,000 should be completed within the week. Permission was secured from the Corps of Engineers to drive pilings to hold the structure.

Bountiful Feast Consumed At Canal Barge Picnic

Sixty pounds of boiled shrimp, 30 pounds of roast and 50 fried chickens were consumed in an afternoon Saturday at the annual Canal Barge Co. picnic, at the home of Capt. and Mrs. Ivan Bradford on Hancock Street.

One of three such picnics held annually by the company, plans for this August fete began back in January, Mrs. Bradford reported. The other affairs are held at Enterprise and Cairo, Ill. Representatives from every boat in the company began to arrive about 11 a.m. stringing cars for two blocks in every direction from the Bradford home. The ladies received souvenirs of plastic rain caps bearing the dates of the three company picnics and the children were treated with party hats, candy, corn cob pipes and 120 cups of ice cream.

Civil Defense Map Displayed

An interesting though somewhat frightening map is on display in the second floor lobby of City Hall depicting possible atom bomb targets throughout the nation. Persons viewing the map will note the measuring gauge which shows the lengths of time fallouts will occur in surrounding areas to the targets.

Displayed in public interest by the Bay St. Louis Civil Defense, the map is studded with red dots denoting the possible targets.

Available to residents in the office of the Hancock County Chamber of Commerce at no charge are three pamphlets on fallout.

MR. AND MRS. CLAUDE RENFROE

Picayune Rites Unite Miss Lott, Mr. Renfro

Large baskets filled with gladioli and white mums interspersed with greenery and 20 lighted tapers adorned the altar of St. Charles Chapel of First Baptist Church at Picayune for the Aug. 20 marriage of Miss Charlotte Rhea Lott, daughter of Mrs. L. E. Donald of Picayune, to Claude Dwight Renfro, son of Mr. and Mrs. B. R. Renfro of Thomaston, Ga. Rev. G. A. McCoy performed the double ring ceremony.

Gulf Coast, the bride chose a traveling suit of dark gray linen collared in beige, olive green shoes and bag, and a varicolored hat of gray, beige and olive green. The couple is residing at North Central School where Mr. Renfro has assumed the position of head football coach. Mrs. Renfro will be a member of the Pearl River Junior College faculty this fall as girls' physical education teacher.

Guests from out of town for the occasion were Mrs. Al Uphold of Thomaston, Mr. and Mrs. Al Courtney and two sons of Baton Rouge, Mrs. Hascal Holcomb and family of Gulfport, Mr. and Mrs. G. H. Johnston and Mr. and Mrs. Pat Riley of Poplarville, Mr. and Mrs. Watson Windham of Bay Springs, James Norris of Hattiesburg, and Mr. and Mrs. Donnell Roberson of Tylertown.

Given in marriage by her uncle, Theo Smith, the bride wore a short frock of Chantilly lace over white tulle, the bodice of which was fashioned with a sweetheart neckline and short puffed sleeves. Her short veil of silk illusion was held by a tiny crown of lace reemphasized with sequins and seed pearls, and with her bouquet of a white orchid surrounded by white feathered carnations, she carried a small lace covered Bible.

Mrs. C. W. Matthis of New Orleans was the bride's only attendant. She wore a gown of sky blue silk organza over matching tulle. The lace bodice featured a scooped neckline and elbow-length sleeves, and a tiny band of matching lace circled her waist. A small crown of blue lace held her short circular veil and she carried an old fashioned nosegay of white carnations, Miss Kay Roberson of Tylertown was flower girl.

Best man was B. R. Renfro of Thomaston, Ga., and Clifford Kendrick of Hattiesburg and Wilbur Chancey of Carthage served as ushers.

A reception followed the ceremony at the church, where arrangements of white summer blossoms and greenery were used. Tall candelabras and tapers flanked a four-tiered wedding cake at the center of the bride's table.

Mrs. L. E. Donald, mother of the bride, and Mrs. Renfro assisted the couple in the receiving line. Mrs. Donald wore a pale pink textured linen frock with matching hat and bone accessories, while Mrs. Renfro was attired in a beige linen suit, matching hat complemented by brown accessories. Their corsages were of purple throned orchids.

Friends from near and far gathered at the Bordages St. home of Mr. and Mrs. William Shaffer's to participate in their annual Labor Day picnic. The Robert Powers and the James Andersons were weekend guests with others dropping in for the big festivities Sunday. Present were the D. W. Raymonds, Palmassanos, Frank Peetles, Jr. and Jr., Bernard L. Kierman, Nick Cabarjals, Channing Fella, A. Galliano, Miss Iva Gaudier, Rae Cope, Harry Roberts, Buddy Diboll and others.

Refreshments of barbecued chicken, spare and beef ribs, casseroles of baked beans, macaroni and cheese, salad and desserts were served buffet style from a table covered with a cloth featuring autumn colors of yellow, gold, brown and beige with a lovely dried arrangement further carrying on the season theme.

In the Crescent City

Mrs. Ida Jourdan and Mrs. Harvey Ming were New Orleans visitors last week when they attended the wedding of Mrs. Jourdan's niece, Martha Jane Berger to John Garza. Mrs. Irene (Mama Candy) Maher spent several days recently in New Orleans on business. The grandsons, Don and Tom Wesner of Philadelphia have returned home to enter school after a summer vacation in Clermont and New Orleans.

The Wesners' nephew and niece Mr. and Mrs. Herman Koch, were over from New Orleans for the weekend. Mrs. Koch is the former Aida Ochoa Caceres of Mexico City.

The John Eckendorfs of New Orleans and Waveland entertained a group of friends last Saturday at a barbecue at their Bluff Blvd. home, having as guests Mr. and Mrs. Edward Kappel, Mr. and Mrs. Albert Daffour, Mr. and Mrs. Edward Fitzmaurice, Mrs. Clair Bergeron and J. J. Bergeron of New Orleans. Rain interfered with the lawn party but the carport answered the purpose.

Former Pastor Visits

The Clermont Methodist Church on the Boulevard celebrated a special occasion last Sunday when Rev. Dale Lyon, pastor, presented former pastor, Rev. William Finlin, as guest minister in charge of both morning and evening services. A capacity attendance of old friends and fellow worshippers came to enjoy the services which were augmented by well chosen selections by members of the choir. Rev. Finlin answered a call to Felicity Methodist Church in New Orleans three years ago. He was accompanied by Mrs. Finlin, daughter Helene and son Will on this visit.

Mrs. George Simmons will be hostess Monday Sept. 18 to members of the Blue Jeans Garden Club at their first meeting of the fall session. The time will be 2 p.m. at the Simmons home on Ivoir Ave.

Another big party of the holiday weekend was that of the Irvin Olsons at their Oak Blvd. home where they had weekend, all-day guests and those who casually dropped in to say hello who were the Sidney LeBlancs of Abbeville, Andre Caffarels of Jefferson Parish, Frank Ketas, W. Tongletts of Clermont, N. Cabarjals, J. Eckendorfs, Anthony Boudreaux, B. Kierman, Robert Breux, John Davis, Gary Davis, Joan Cafferal, Tony and Jimmy Uddo, Laurie and Larry Boudreaux, the Elton Lagarrigues and Mrs. Hazel Lagarrigue all of New Orleans.

Nameplate

Mudville - of all things - on the Dave and Molly Casey lovely place in Lakeshore, I just called and was told that Dave had a very fond memory of the Mudville, Mo., baseball team he played with years ago - still it seems incongruous to me in view of the fact it has been the Garden of the Month plaque several times.

Ever feel you are 'out of things' here on our peaceful, leisurely part of the Gulf Coast? Well, I don't; for the third time recently I find we are ahead of the procession as it were: In Aug. 22 column C'est la Vie I quote 'Ever get a ring stuck on your finger and suffer while it was forced off? There's relief in sight. An expansion setting has been patented that will fit even if your finger expands 3 sizes from the dainty digit on which it was first fitted.' etc. I have owned one for seven years.

Polly Peers...

(Cont. from Page 7.)

But still don't know if the horse was named for Budgie or vice versa or it could be merely coincidental.

Ed Hawkins' lovely boat was the setting of an all day fishing and canasta party hostessed by Shirley last Thursday—everyone raved about the food - Jay Lentan's contribution, lobster with his special sauce, is still being discussed. Capt. Peterson was the lone male aboard - the girls were Carmel Lentan, Doris Wilday, Gloria Peterson, Doris Klotz, Mary Jo Weil, Elaine Steimle, Jostie Herbig, Beverly Mahe, Grace Bordages, Beulah Peterson and Gert Robertson.

As this is just about the only FISHING NEWS we're picked up, we'll use it as that dept. this week - the boat anchored at Half Moon and the big species were biting like mad... at least they were that day.

On the Avenue

Doris Sezenneau, who should own at least half interest in the laundryette by now, catching up on the clothes situation following her Florida vacation; Mrs. "Crick" LeNormand who visited daughter, Marilyn, and son-in-law Buddy Haverly over the weekend; Red Huzar in his usual cheerful state of mind, Ed Virgilio, who also always has a smiling greeting for one and all and Mr. and Mrs. William Ford chasing with a friend from out-of-town.

SIGHTS AND SOUNDS ALONG THE WAY - The slowest rearing sight of so many cars driving with lights in the daytime—a sign of positive action.

Safety Award Made At Co-op's Picnic

Coast Electric Power Ass'n.'s record of 100,000 man hours worked since May, 1960, without a lost time accident was recognized at the organization's fifth annual employee picnic Sunday at Star Route Farm. A plaque noting the record was presented by Gilbert Fletcher, representative of Employers Mutual Insurance Co.

Individual certificates and pins were presented to employees by H. H. Shumock, manager, signifying their effort to hours worked without a lost time accident and years of driving experience without accident.

Recently retired directors, C. W. Fountain, W. H. Burks and Walter Stewart, received gold plated coffee makers. Mr. and Mrs. Stewart were present but the other two were unable to attend and Fountain's gift was accepted by his daughter, Miss Shirley Fountain.

E. H. Stovall, safety instructor from Mississippi State University and supervisor of Coast Electric's safety program, spoke briefly.

Winners of the employee drawings were Gladys Chapman, rooster-oven and cart; Beulah Jeanfreas, electric blanket; James D. Jones, serving platter. Attendance prizes went to Mrs. Lloyd Shubert, electric blanket; Theodore Lafontaines, pulley

lamp, and Albert Heitzmann, three-way paper towel dispenser.

More than 75 employees, their families, directors and guests enjoyed the event with swimming, games and refreshments, adjourning to an extensive shelter when the rain finally struck about 2 p.m.

K. OF C. NEWS

A total of 73 members attended mass and received holy communion in a body at 7 a.m. last Sunday. Chairman Harry Lang stated that he feels confident that the number will exceed 100 next month. A breakfast of ham, eggs, coffee, toast was served to 42 of the members at the K of C. Home following services.

Mrs. Frank Klein of Clermont Harbor entered Memorial Hospital in Gulfport on Tuesday, to undergo major surgery this morning.

Ed J. Lundin of Council No. 4030, Baton Rouge, who is a frequent visitor to Bay St. Louis, attended the breakfast Sunday.

Six Point Chairman Curtis Matherne has called a meeting of all officers, chairmen and committeemen for 8 p.m. Friday at the K. of C. Home.

Birthday greeting to Lucien Raymond, Sept. 12. Though he doesn't look it (what, with all that hair) he will celebrate his 53rd.

The next regular meeting of the Council will be Monday.

Congratulations to our soft ball team who captured fourth place in the local league. Future Knights Earl Fayard, Jr., and Doc Rhodes were in the line-up for the final game of the season. Doc Rhodes, although he was the smallest and youngest player of the league, ended the season with a .500 batting average.

Complete information on the forming of a Columbian Squares Circle including the application for charter has been received from William L. Pineda, Director of Columbian Squares Division, New Haven, Conn. in reply to many inquiries this briefly covers the question most frequently asked by the members: What are we doing about you?

Resolutions were introduced at the Supreme Council meeting in 1922, in Atlantic City, N. J. One year later, in June, 1923, established the Columbian Squares with Brother Barnabas, FSC, as executive director of the Supreme Council's Boy Life Bureau. Why do we have Squares? They need us to guide and inspire them to provide them with fraternal comradeship and to

assure them of adult interest in their contributions to society. The council needs them to augment the membership; to provide members with a stimulating source of activities and to supply the institutions of mankind with responsible, moral leadership.

The general objective of the program is two-fold: to assist young Catholic boys through the dangerous period of adolescence; to develop leadership among older boys by affording them frequent opportunities to assume responsibility, demonstrate initiative and direct their own affairs.

Catholic boys between the ages of 13 and 18 are eligible for membership.

Mr. and Mrs. Leroy Luke, Mr. and Mrs. Ed Heitzmann, Mr. and Mrs. George Heitzmann, Mr. and Mrs. Carl Heitzmann and all of their children enjoyed a very wonderful Labor Day holiday as guests of Mr. and Mrs. Emile Manieri at their home the Bayou La Croix Community.

COAST ELECTRIC POWER ASSOCIATION is a corporation

Like other Electric Power Associations in the state, it is a Mississippi Corporation, organized and chartered under Mississippi Law. It is a business, established for the purpose of distributing electric power throughout its area of operation.

This Electric Power Association is completely owned and controlled by the people, or members, it serves. Each member owns an equal share of the business.

Like a lot of other businesses, this Corporation has a mortgage. In order to get the business started, the members borrowed money from a special bank, the Rural Electrification Administration. Also like any other sound business, we're repaying our loan, with interest. There our connection with "REA" ends.

The difference in this business and that of most other similar corporations is that our "mark-up," or the amount we charge above the wholesale cost of electricity does not allow for any profit.

An Electric Power Association is, in accordance with its charter of incorporation, a non-profit business. The margin between wholesale and retail in this business covers repayment of the loan, interest, and operating costs.

Our business was born of necessity. Prior to the establishment of Electric Power Associations in Mississippi, electric power was rarely available outside the cities. Commercial power companies, either could not or would not serve those areas at a price the people could afford to pay. So groups of people throughout the state worked together to form the EPA's so they could sell electricity to themselves. As a result, they have profited from vastly increased income through the use of time-saving electric power, and in terms of a higher standard of living.

Today, throughout Mississippi, these Corporations are owned and controlled by almost a million Mississippians, serving themselves with dependable electric power at a price they can afford.

Biloxi Yacht Club won the annual Lipton Cup championships weekend at Southern Yacht Club, New Orleans, capturing the race, while the Bay-Waveland team was fifth in the 13-14 regatta.

Bill Reeves got the local club to a good start in Saturday's race, finishing fourth, and it moved to be even better when one of the top three boats were disqualified because of fouls. St. Andrews Bay finished first after Mobile and Pensacola were out, and Biloxi was well back in the pack.

Bill Watts took Bay-Waveland to a first place tie in Sunday morning's race, finishing third, and moved into contention with second and St. Andrews Bay to stay close.

Bob Bob was eighth in Sunday morning's race, pushing the local team down into a tie for last with Gulfport, while Biloxi took the lead with a fifth, and St. Andrews Bay stayed in second. A first-place finish by Tommy Simpson in the final race brought glory to Biloxi, while leading Upper Harry Chapman of Bay-Waveland fell to an 11th.

Knowles Hurls Praline Kings To Upset Win

Bill Knowles pitched a three-hitter Saturday afternoon as the Praline Kings upset the Gulf Shippers of the Gulf Coast Independent Baseball League 7-1 in Gulfport.

The Kings broke a scoreless deadlock in the top of the fifth when Larry Mathis singled home two runs, giving the local club a 2-0 lead. The Shippers came

Ann Vogt, outstanding from Don's, is missing.

NET STARS - Janice Beal, winner of the senior girls' division in the summer tennis class tournament, poses with Billy Thomas, who won the boys' senior division Sunday beating David Carter, and Mrs. Odile Carter, who was in charge.

Jr. Sheriffs Win St. Williams

The Junior Sheriffs won St. Williams' Little League baseball tournament at De Lisle Sunday in the 10-12 division, but Youth Center was eliminated in their first game by the eventual champs, Gulfport.

The Sheriffs beat Lyman in their first-round game 6-5 with two runs in the sixth and final inning, then downed the host St. Williams 9-5 in the finals.

The Junior Sheriffs, local champions, took an early lead with two runs in the first on a walk to Sylvan Ladner and a home run by Danny Krankey, and added another pair in the second, when after a walk and an error, Roger Mitchell tripled home both runners. They almost scored a fifth run in the third when Mike Collier tripled, but he was out trying to stretch it to a four-bagger. Lyman rallied in the fourth, the only inning they could score against the pitching of Danny Krankey, to take a 5-4 lead with five runs, and held it going into the Junior Sheriff half of the sixth.

Jimmy Locacano singled to start the Sheriff comeback, Eddie Osborne was safe on a fielder's choice play, and both runners came across on an error.

Krankey went the full six innings on the mound for the Junior Sheriffs, allowing five hits. His teammates collected five, also.

In the finals, the local team again started with a bang, scoring five times in the top of the first inning. Sylvan Ladner opened the game with a home run and Monti Rhodes had a two-run double in the first inning which also saw a pair of walks and errors. St. Williams tied the score in the bottom of the third with a five-run outburst of their own, after being held scoreless the first two frames.

In the top of the fourth, however, the Junior Sheriffs put together a walk and six consecutive base hits after two men were out to take the lead with four runs. Singles by Larry Jacob, Mike Collier, Jimmy Locacano, and Eddie Osborne, and bat-to-bat doubles by Danny Krankey and Monti Rhodes sparked the rally. Dean Taylor started on the

Youth Center, composed mostly of Youth Center boys from the local league in the 13-16 division, but with several other teams represented, could never get any hitting attack started and dropped a 5-2 decision to Gulfport. The locals could get only one base hit, a single by Bruce Cox, and Gary Noto was the losing pitcher. Several timely base hits added several timely base hits.
